SEMI-WEEKLY MAUI NEWS, FRIDAY, FEBRUARY 10, 1922.

PRICE 5 CENTS

Chamber Favors Continuing Child Welfare Efforts

Resolution Passed Urges the Board of Supervisors to Increase Appropriation Over Present Quarterly Budget.

Maui Chamber of Commerce is in favor of the county keeping up Child Welfare work even if other county needs have to wait. A resolution urging the board of supervisors to increase the appropriation for such work over the provision made in the budget for the first three months of this year was passed at yesterday afternoon's meeting. The subject was discussed from several angles and at considerable length.

Mala Wharf also came in for some attention and the president was authorized to name a committee to arrange for a formal opening of the wharf under the auspices of the chamber.

Welfare Work Needs

President A. W. Collins occupied the chair for the first time at yesterday's meeting having been absent from the meeting which elected him head of the chamber last month. Two new members, L. L. Roberts and Fred Wolf were elected and the routine business was quickly disposed of. Under new business F. B. Cameron introduced the resolution on the subject of child welfare appropriations and moved its adoption. He told of what the board had previously appropriated and the curtailment for the first three months of this year to \$1250 a month. Last year child welfare expenditures were \$27,552.49. He said the welfare board has sought to cut down allowances and that if it kept within the appropriation there would be only about \$5.62 for each dependent child and no opportunity to aid others.

Question Thoroughly Aired

Senator Harry A. Baldwin seconded the resolution and said it would be little short of criminal to let the work stop. He favored cessation of other work and mentioned letting roads go if absolutely necessary. Cameron had spoken of the plantations taking back there old cases but Senator Baldwin said even if that were done there was still need for the work for other than plantation cases. In answer to a question Cameron said if the plantations handled their own cases the allowance by the board of supervisors was insufficient. He said the welfare board might get along with the cases it now has to care for on \$2100 monthly.

Supervisor D. T. Fleming was called on to tell the position of the board. He said the tax rate was 3.16 and the board had done the best it could in curtailments to keep it there, second only to the county of Hawaii. He praised the work of the welfare board and its personnel but said there were the conditions. To stop road work would throw out of work men who were dependent on that kind of work for a living, would increase the number of indigents.

What Maui Does

The point of what other counties did was raised. Maui for welfare work, pensions to indigents and others and for the hospitals and sanitarium last year spent \$124,250 as is shown by the county auditor's report published in this issue.

President Collins favored the plantations caring for plantation cases and the child welfare board only for other cases. Other speakers were J. J. Walsh, H. B. Penhallow and Rev. J. C. Villiers.

Mala Wharf Opening

Relative to Mala wharf, President Collins reported present work was near completion, that an inter-island boat was expected to call for equipment used in the work today but had been storm bound at Hawaii. He believes the inter-island company will make use of it. In answer to the question as to what use the Matson line would make of it, Captain Edwards having been quoted by Honolulu papers as having said only the Annie Johnson could use it without dredging work having been done. Mr. Collins said he believed the Hyades would also use it. Wm. Walsh said Captain Edwards said the Hyades could use it in the right weather and had advocated an addition at its end for the larger Matson and other steamers.

Passage of the motion for the naming of a committee to arrange an official opening of the wharf followed.

Something of a Row Started in Honolulu

HONOLULU, Feb. 10.—(Special to Maui News).—Something of a row has been started by the Republican Territorial Central Committee endorsing W. T. Carden for United States attorney to succeed S. C. Huber, democrat. There have been charges made that such endorsement at this time is a "breach of faith."

The advertiser says the move was a pro-Wise affair designed by his supporters to head off support for Lyman for the delegateship in the convention to be held here next week.

Two Contests Arise From Elections In Maui Precinct Clubs

Two contests have arisen from the precinct elections on Maui which may be taken to the convention though efforts to secure a settlement before the Republican convention are being made.

In the Olowalu precinct one certificate issued to David Kuamu and another to David T. Kinney from two separate meetings. It is claimed for Kuamu that the meeting which named him was held on the date set for a primary club meeting. At the date for the election a meeting was held and a new precinct club organized with David T. Kinney as president. A. Valentine, vice-president, Miss L. Hipke, second vice-president, E. Haneberg, secretary, and Margaret Valentine, treasurer. The report of the club organization and election says there were present 20 Republican electors and David T. Kinney was the choice for delegate.

Mr. Haneberg says that the Olowalu voters generally knew nothing about any meeting such as the one that named Kuamu and that such meeting was attended by only five. It is also alleged that Kuamu is not now a resident of Olowalu precinct but of Lahaina and that he is registered from the latter precinct.

Hilawa furnishes the second contest. There credentials were issued to L. K. Kaaloah but it is claimed by Loe Nahopili that he and Kaaloah each received 14 votes and that the judges arbitrarily issued a certificate to Kaaloah.

Committee Endorses Appointments Made

(ASSOCIATED PRESS)

HONOLULU, Feb. 10.—Various appointments made by Governor Farrington were approved by the Republican Central Committee yesterday. These included Princess Kalaniana'ole as member of the Hawaiian Homes Commission to fill the vacancy occasioned by the death of her husband, Prince Kuhio, Arthur M. Rice, reappointed as a member of the Board of Agriculture and Forestry, Mrs. A. P. Taylor as member of Hawaiian Historical Commission, to fill the vacancy left by the death of Prince Kuhio, Joseph Ordstein as members of the territorial health board and Dr. George Herbert, reappointed member of the commission on insanity.

The committee further endorsed J. W. Cathcart for judge of the United States District Court to succeed Horace M. Vaughan, Democrat, and William T. Rawlins to succeed Judge Poindexter when his term shall expire in March, 1923.

Cathcart was formerly City and County attorney, preceding Arthur M. Brown, and is a member of the law firm of Thompson, Cathcart & Lewis. He has been prominent politically for years.

Rawlins was a member of the house of representatives in the 1919 session.

Outdoor Circle of Lahaina Has Busy, Enjoyable Session

Work and pleasure, lots of both were the combination achieved at the meeting of Lahaina Outdoor Circle in its February meeting at the home of Mrs. A. W. Collins last Monday afternoon, with a large attendance of members.

Chief among the business matters taken up was the cleaning up made necessary by the recent severe wind storm which had leveled wires and trees and played havoc generally. A three day clean up, which commenced yesterday and will be continued today and tomorrow, was agreed upon and trucks are being furnished by the plantations with the women of Lahaina cooperating to restore conditions as far as possible. Some beautiful trees are gone, however, and changes in the Circle's plans for beautification will be made necessary.

To defray the cost of the wreath sent to Honolulu for the funeral of Prince Kuhio, an assessment of the members was agreed upon rather than to take the money from the treasury.

The Girl Scouts benefit, being suggested by Mrs. Campbell, was considered and the Circle will assist and foster the project in Lahaina.

Mrs. Mabel Farrington Hahn was heard and the Circle decided to contribute \$60, the support of one Armenian child for a year.

Aside from business, one of the best programs ever offered the members was presented, "Mother Goose," a musical fantasy arranged by Mrs. Keeney. There was a duet sung by Mrs. Friedneburgh and Mrs. Bruns and the dances were by Misses Friedneburgh, Martinson, Farden and Buchanan who were little Bo Peep, little Boy Blue, Tom, the Piper's Son and the Sand Man.

Mrs. Shaw had charge of the service of delicious refreshments which were much enjoyed.

First Steamer Loads Freight at Mala Wharf

Mala Wharf was used for the first time today when the inter-island steamer Onomea came up alongside, tied up to the wharf and began loading as freight equipment which had been used in the wharf construction. Captain Wickett is in command of the steamer.

Telephone advices from Lahaina this morning told of the first use of the wharf by the Onomea and said that she had no difficulty in making the landing and was lying easily and safely alongside as she took on her cargo of freight.

Efforts for Wise at Kalaupapa Prove to Be Partial Failure

Kalaupapa is not sending five supporters of Wise to Honolulu convention as has been reported. First reports coming to the county committee appear to have been unauthentic, according to a letter received this morning from John D. McVeigh.

According to the letter of McVeigh John Kalama sought to send a John Wise delegation to the convention and sought to have McVeigh put off the ticket on the ground that he had not signed the new precinct roll. In the effort he failed and was himself beaten at the election.

McVeigh says he has two proxies and his own vote for Baldwin and does not know what was done with the other proxies, thinks they may have been sent to Wise in Honolulu.

Thus it appears that instead of Molokai sending six votes to Honolulu for Wise, four will be for Baldwin and only two for Wise.

Convention Will Meet On Young Hotel Roof

(ASSOCIATED PRESS)

HONOLULU, Feb. 10.—The Republican convention for the selection of a nominee for delegate to congress next Tuesday will be held in the Young Hotel roof garden, it was decided by the Republican territorial central committee last evening.

Contests in the Waialae and Kalaupapa precincts which were reported to the committee will be referred to the committee on credentials in the convention.

Reports coming from Hilo say that in Norman Lyman's precinct there were 411 votes counted and only 408 names appeared on the register.

Salt Water Fishing Industry Threatened

NEW YORK, Feb. 1.—(Associated Press Mail).—The salt water fisheries of this country are seriously menaced by the present practices of commercial fishermen, pollution of water and improper spawning regulations, declared John B. Burnham, a member of the Migratory Fish Conservation Committee, and one of the originators of the Migratory Bird Law today.

Off the coast of Lower California, Mr. Burnham asserted, the water is frequently white with fish killed by purse seiners, who cannot take them to port for sale. He says that the Atlantic sturgeon and salmon have practically disappeared and added:

"Unless radical action to preserve our fish is taken in the immediate future, this country will find itself facing the problem of trying to restore a natural resource of great importance which already has been lost."

The Migratory Fish Conservation Committee, an organization believing in the necessity for federal control of the fisheries, will soon introduce in Congress a bill, similar to the present migratory bird law, looking to the general protection of fish in the waters of the United States, Mr. Burnham said.

The migratory bird law, he stated had proved conclusively that game can be conserved by proper legislation and the Migratory Fish Conservation Committee expects little opposition to the bill except from commercial fishermen and those states which derive a revenue from such fishing without a thought of the probable duration of the industry.

MAUI WOMAN'S CLUB

The educational department of Maui Woman's Club will meet with Mrs. Enos Vincent next Monday afternoon at 3 o'clock.

Precinct Election At Hana Proves to Be Spirited Affair

Reports of a hot contest in the Republican precinct election of delegates to the Honolulu convention at Hana were brought over by R. A. Drummond who came for the board of supervisors meeting on the Kilauea Wednesday.

Out of something more than 200 registered 187 votes were cast at the election Saturday. There were five nominees and but three could go as delegates. Those remaining in the field were R. A. Drummond, William K. Kaluakini, George Opiopio, Charley Bailey and John Medeiros and it was decided that the polls should be open from 7:30 to 8:30 and so great was the interest it was feared that all those desiring to vote could not do so in such a limited time. There were only three booths but the day before election 11 more were put in so on Saturday night there were 14 booths that could be in simultaneous use.

Come early and make sure of voting had been the slogan and at 7 o'clock Saturday evening there had formed and was waiting a long line of prospective voters. The police were sent for to keep the line in shape and when 7:30 came the officers had their hands full keeping order and holding the rush in check. Thirty five minutes later the votes were all in.

The Hana delegates to the convention are Drummond, Kaluakini and Opiopio.

Kam. III Children Will Stage Carnival Week From Saturday

Kamehameha III school will hold its carnival at Lahaina Saturday afternoon and evening February 18, one week from tomorrow. Stimulated by the fine success of last year and profiting by the experience then gained preparations are going forward which augur for an even finer and more entertaining affair than the last. This year's carnival will naturally be modeled on the last. It will again be held on the school grounds and the admission prices to the grounds and to the various shows and entertainments will be so nearly nominal as to give an evening crowded with fun for a very small cost to the patrons.

So far as announced the plans for the carnival call for a number of booths and entertainment features. There are to be "Hula Dancing," "Hypnotizing," "Minstrel Show," "Songs of the Nations," "Fancy Dancing" and other shows and at the booths there will be sold candy, cake, ice cream, soda pop, balloons, confetti, serpentine and novelties.

Festivities will really begin at 4:30 in the afternoon when the floral parade will start. It will be composed of children and there will be prizes for costume as well as for floral decorations of vehicles, floats etc.

Last year the carnival was enjoyed quite as much by adults as the youngsters and many a grown up was heard to say he did not know when he had "got so much punch" out of anything as the Kamehameha III school carnival.

MRS. WALKER DIES

HONOLULU, Feb. 8.—(Associated Press).—Mrs. Jane Walker, long a resident of Hawaii, died here this morning. Mrs. Walker leaves five children who are, Mrs. Faxon Bishop, Mrs. F. W. Kiebaum, H. H. Walker, Samuel Walker and Alexander Walker. The stock exchange here is closed today in her memory.

WORLD'S RECORDS CLAIMED

WELLINGTON, N. Z., Feb. 8.—(Associated Press).—Miss Hoert swam the 50 yards in 28 3/5 seconds and Miss Shand the 440 yards in 6 minutes 20 2/5 seconds in the championship meet here tonight. Both records establish new world's figures for women.

Telegraphic Brevities

WILMINGTON, Del., Feb. 9.—(Associated Press).—An application asking that receiver be appointed for the Columbia Graphophone Company was filed in the United States district court here today. The application alleges the firm is insolvent.

WASHINGTON, Feb. 9.—(Associated Press).—The department of justice is investigating the activities of Bolshevik agents in the United States who are collecting funds ostensibly for the Russian famine relief.

CHICAGO, Feb. 9.—(Associated Press).—Figures made public by the crimes commission here show that Chicago is the home of 10,000 professional criminals, or one third of one percent of the total city's population. The report gives as a reason that wheels of justice move so slowly and such a small percentage of convictions are secured.

Chance Will Be Given Outside Voters To Be Put On Registry List

Registration for the coming special election for delegates to congress will close March 7. For the purpose of registering up country voters for whom it is inconvenient to come into Wailuku for enrollment, County Clerk William Fred Kaee announces the following schedule up to Washington's birthday. He will cover West Maui and Molokai after this schedule is completed.

Monday, February 13th—Plantation office Wailuku, 4 to 5 p. m.

Tuesday, February 14th—Hana 1 to 4 p. m.

Wednesday, February 15th—Kaupo, 10 to 11 a. m.

Wednesday, February 15th—Kipahulu, 5 to 6 p. m.

Thursday, February 16th—Nahiku, 10 to 11 a. m.

Friday, February 17th—Keanae, 9 to 10 a. m.

Saturday, February 18th—Huelo, 1 to 2 p. m., Peahi, 3 to 4 p. m.

Monday, February 20th—Ulupalakua, 9 to 9:30 a. m.

Monday, February 20th—Keokea, 10 to 10:30 a. m.

Monday, February 20th—Waialoa, 11 to 12 m.

Monday, February 20th—Makawao, 4 to 5 p. m., Tax office.

Tuesday, February 21st—Haiku, 9 to 10 a. m.

Tuesday, February 21st—Pauwela, 11 to 12 m.

Tuesday, February 21st—Pauwela, 2 to 3 p. m.

Will Investigate Burning Steamer Northern Pacific

(ASSOCIATED PRESS)

WASHINGTON, Feb. 9.—Investigation of the burning of the former transport Northern Pacific has been started by congress, suspicion having been aroused that it was of incendiary origin.

The Northern Pacific a former transport, burned to the water's edge and sank off the Delaware Capes on Tuesday. Her burning is reported to have been one of the hottest marine blazes and most spectacular sights ever recorded. It was impossible to approach closer than a quarter of a mile from her.

The lost steamer had been purchased by the Admiral Line from the shipping board for a million dollars and was being taken to a Pennsylvania shipyard for alterations and renovations when she was burned. The alterations were estimated to cost half a million more. After having been put in condition she was to have been used on one trip to take a large party of Shriners to the conclave in Honolulu, after which she was to have been put on the Pacific Coast run.

Four of the skeleton crew that had manned her for the trip are reported to have been lost.

Youthful Leaders of Portugal In Control

LISBON, Jan. 7.—(Associated Press Mail).—Youth is in the saddle in the Portuguese government now. Captain Cunha Leal, the new Premier, who assumed office last month, is only 33 years old while Lieutenant Agatao Lanca, Governor of Portugal, is only 25.

Premier Leal is aware that a sentence of death has been passed against him by the advanced elements who participated in the revolution in October last because of his promise that he will avenge the republican statesmen assassinated at that time.

Lieutenant Lanca is one of the most popular persons of the day in Lisbon, having distinguished himself in naval warfare, won the Order of the Tower and Cross and aided Cunha Leal in an effort to save Premier Grajo, when he was killed by the assassins.

Language of Nations Still Being Sought

LONDON, Jan. 9.—(Associated Press Mail).—Professor Gilbert Murray, vice-chairman of the Executive Committee of the League of Nations, says the necessity of an international language was forcibly borne upon him when attending the recent meetings of the League of Nations at Geneva.

"If you spoke in English," he said "it was translated into French; if in French it was translated into English, and if anybody knew neither English nor French that was his own look out."

On the whole, he thought the natural way out of the difficulty would be for the League to recognize one of the two artificial international languages, either Esperanto or Ido.

The latter for most Europeans was easier. To non-Europeans there were certain advantages in Esperanto, which had a smaller number of roots.

Women May Run For Office But Rest Doubtful

Washington advices say Nothing Found to Prevent Candidacy But House Judge of Eligibility Question.

(ASSOCIATED PRESS)

HONOLULU, Feb. 10.—There is nothing to prevent a woman from being a candidate for election as delegate to congress but as to whether if she should be elected to such office she could be seated is a matter for congress itself to decide since the national house of representatives is the judge of the eligibility of its own members. This is the burden of an answer which Governor Farrington has received from Washington in answer to his query as to the eligibility of women for the office. The opinion is substantially the same as the one rendered by Attorney General Harry Irving here.

On Wednesday Governor Farrington sent two inquiries, one to Representative Curry of the house committee on territories and the other to the department of the interior under whose jurisdiction are the affairs of Hawaii.

Mrs. Aicherly is determined to run for the office and Hawaiian societies, especially Hawaiian women, are reported to have been urging Princess Kalaniana'ole to seek the seat so long occupied by her late husband.

Business in Hawaii In Good Condition

HONOLULU, Feb. 10.—F. B. Anderson, president of the Bank of California and one of the directors of the H. C. & S. Co., has issued a statement in which he says that "Business in Hawaii is fundamentally sound and is in good hands and there is no doubt that the industrial future of the Islands is bright."

Mr. Anderson has spent two weeks investigating business affairs of the Territory, his visits including plantations on Maui. He says that California bankers have no fears as to the stability of business in Hawaii nor for its future.

WIRELESS NEWS DELAYED

Associated Press reports from San Francisco are late today in reaching Honolulu and have not been received here up to going to press. There is evidently static trouble between the Coast and Honolulu.

Viceroy of India Tells of Attitude Of His Government

DELHI, India, Dec. 26.—(Associated Press Mail).—Lord Reading, Viceroy of India, set forth the attitude of the Indian government toward the revolutionary elements in a recent address to a delegation from the Punjab Chamber of Commerce. After promising that the full strength of the government would be exerted to prevent disorder, as called at that time, Lord Reading added:

"We have no desire to interfere with the lawful activities of political parties however opposed to us but, although we are most anxious to redress all legitimate grievances and to remove the grounds of popular discontent, yet we cannot allow any political activity to impose its will upon the country by violence, intimidation, coercion or other unlawful means."

"There is today a natural and legitimate desire on the part of the vast majority of the people that the law should be respected and observed."

"I cannot but think that in some quarters there is a misconception of the position of the government of India. They have, I verily believe, the support of the law-abiding citizens of India."

"It cannot be fairly said that we have abused this power. Indeed we are sometimes criticized for not having sufficiently exercised it and I readily admit that we sought to avoid action which might either be misconceived or misrepresented as too severe or as provocative."

Proposed Amendments to Constitution Are Opposed

SYDNEY, N. S. W., Jan. 3.—(Associated Press Mail).—Almost universal disapproval has met premier Hughes proposal to convene a gathering to consider amendments to the constitution of the commonwealth, according to the newspapers, which are practically unanimously against the project.

The leader of the federal labor party asked for a convention, but now the party has declared against it, as have the state premiers.
